KILIMANJARO SUMMIT EXPEDITION

EXPEDITION

10 DAYS // Tanzania // Kilimanjaro

Longest ready-made route with remote legs, buffers and deeper exploration.

Cached cinematic itinerary - time-sensitive details must be refreshed before travel.

MISSION PROFILE

PRESET	Expedition
DURATION	10 days
GATEWAY	Moshi / Arusha
BEST WINDOW	Jan-Mar / Jun-Oct

ROUTE SCROLL

- Trailhead - Forest Camp
- Moorland Camp
- Lava Tower Acclimatization
- Barranco
- Karanga
- Barafu
- Uhuru Summit - Descent
- Mweka Exit
- Moshi Recovery

Route order is a cached scaffold. Live conditions take priority.

DAY
01

Trailhead - Forest Camp

MORNING

Arrive or begin from Moshi / Arusha. Keep the first movements simple and establish the route rhythm toward Trailhead - Forest Camp.

AFTERNOON

Focus on rainforest start and measured pace. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Trailhead - Forest Camp; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
02

Moorland Camp

MORNING

Start early enough for a relaxed transition toward Moorland Camp. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on vegetation transition and steady gain. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Moorland Camp; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
03

Lava Tower Acclimatization

MORNING

Start early enough for a relaxed transition toward Lava Tower Acclimatization. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on climb-high acclimatization day. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Lava Tower Acclimatization; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
04

Barranco

MORNING

Start early enough for a relaxed transition toward Barranco. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on dramatic valley and recovery. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Barranco; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
05

Karanga

MORNING

Start early enough for a relaxed transition toward Karanga. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on technical-looking but non-climbing trail sections. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Karanga; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
06

Barafu

MORNING

Start early enough for a relaxed transition toward Barafu. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on summit staging and early rest. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Barafu; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
07

Uhuru Summit - Descent

MORNING

Start early enough for a relaxed transition toward Uhuru Summit - Descent. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on night ascent, summit attempt and major descent. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Uhuru Summit - Descent; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
08

Mweka Exit

MORNING

Start early enough for a relaxed transition toward Mweka Exit. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on forest descent and expedition finish. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Mweka Exit; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
09

Mweka Exit Slow / Buffer

MORNING

Start early enough for a relaxed transition toward Mweka Exit Slow / Buffer. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on slower neighborhood exploration, rest, weather buffer and spontaneous local discoveries. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Mweka Exit Slow / Buffer; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.

DAY
10

Moshi Recovery

MORNING

Start early enough for a relaxed transition toward Moshi Recovery. Keep transport flexible and protect daylight for the best landscapes or heritage stops.

AFTERNOON

Focus on buffer, gear and departure. Prioritize one or two strong experiences rather than racing through a checklist.

EVENING

Settle around Moshi Recovery; choose a local meal, short sunset/market walk, then review the next day's weather, transport and opening conditions.

FIELD INTEL

Use a licensed operator and a route length that supports acclimatization. Summit success is never guaranteed.
